"IN SELECTING A PIANO FOR MY DAUGHTER"

I took both time and pains, feeling that only an instrument of the highest musical qualities could start her right in her musical career. After a thorough comparison I selected the Emerson. I found that the Emerson was conceded to be in the very front rank of musical excellence; that its tone was considered marvelous alike by artist and amateur; and that the action was elastic and responsive. To have withstood the test of over 60 years it must have that inherent quality of design, material and workmanship that shows itself in great durability."

Surely the verdict of those who know the Emerson through long association should decide you in its favor.
